

CALIFORNIA LEGISLATURE

**SENATE TRANSPORTATION
AND HOUSING COMMITTEE**

SENATOR JIM BEALL, CHAIR

2016 Legislative Bill Summary

November 16, 2016

INTRODUCTION

This publication is a comprehensive collection of summaries for bills that the Senate Transportation and Housing Committee considered during the 2016 legislative year. This report also contains summaries for legislation that the consultants for the Senate Transportation and Housing Committee deem worthy of the committee's attention, yet were never assigned to the Senate Transportation and Housing Committee. This includes bills that never made it out of the Assembly as well as bills that were assigned to other Senate policy committees.

Each summary includes the final status of the bill in italics. Bills that are listed with the status "died" in committee did not go to hearing and were not voted on. Bills listed as "failed passage" received more no votes than yes votes in a committee hearing.

For your convenience, chapter numbers of bills that the Legislature passed and the Governor signed into law are listed. In general, chaptered legislation will go into effect on January 1, 2017. Bills that contain an urgency clause took effect immediately upon the governor's signature.

The committee uses the following abbreviations throughout this summary:

- ARB:** State Air Resources Board
- ATP:** Active Transportation Program
- CalHFA:** California Housing Finance Agency
- Caltrans:** California Department of Transportation
- CHP:** California Highway Patrol
- CVRP:** Clean Vehicle Rebate Project
- CTC:** California Transportation Commission
- DMV:** California Department of Motor Vehicles
- EFMP:** Enhanced Fleet Modernization Program
- EFMP Plus-Up:** Enhanced Fleet Modernization Program, Plus-Up Pilot Project
- GGRF:** Greenhouse Gas Reduction Fund
- HCD:** California Department of Housing and Community Development
- HOV:** High-occupancy vehicle
- SGC:** Strategic Growth Council
- SHOPP:** State Highway Operation and Protection Program
- SR:** State Highway Route
- TCAC:** California Tax Credit Allocation Committee
- TCIF:** Trade Corridors Improvement Fund

Abandoned Vehicles, Parking, and Towing

AB-1943 (Linder) - Parking: county transportation commissions.

Provides Riverside County Transportation Commission with the authority to enforce parking regulations on property it owns, and to contract with private vendors for parking enforcement services.

Status: Signed into law: Chapter 512, Statutes of 2016

AB-2167 (Achadjian) - Vehicles: towed vehicles.

Makes several changes to the required information a business is to obtain from a tow truck operator. This bill further provides clarification as to when a tow truck operator is required to provide certain documentation, as specified.

Status: Signed into law: Chapter 518, Statutes of 2016

AB-2491 (Nazarian) - Vehicles: stopping, standing, and parking.

Authorizes local governments to pass ordinances that prohibit stopping, parking, or leaving vehicles standing within 15 feet of driveways of certain emergency facilities that are regularly accessed by emergency vehicles.

Status: Signed into law: Chapter 358, Statutes of 2016

AB-2586 (Gatto) - Parking.

Makes changes to several existing law provisions relating to parking restrictions. Requires, by January 1, 2020, that if a local authority prohibits or restricts parking in designated areas for the purpose of street sweeping and other maintenance activities, it must ensure that the designated areas are promptly made available for parking, regardless of posted hours, as soon as street sweeping has concluded. Repeals the 2017 sunset on the provision prohibiting local authorities from prohibiting or restricting parking in spaces regulated by inoperable meters, making this provision permanent. Provides that a driver may park at an inoperable meter for up to two hours, and provides that a violation is subject to civil penalties and is neither an infraction nor a public offense. Prohibits a local authority, when contracting with a private entity to enforce parking regulations, from providing any monetary or other incentive, such as the promise of a future contract, for the issuance of a specified or higher number of violation notices.

Status: Vetoed

Air Quality, Greenhouse Gas Emissions, and Fuels

SB-773 (Allen) - Vehicles: registration fraud: study.

Requests the University of California to conduct a study on motor vehicle registration fraud and failure to register a motor vehicle. Vehicle owners who fail to register their vehicle can bypass the Smog Check Program.

Status: Signed into law: Chapter 776, Statutes of 2016

SB-824 (Beall) - Low Carbon Transit Operations Program.

Makes a number of modifications to the Low Carbon Transit Operations Program (LCTOP), which provides operating and capital assistance for transit agencies to reduce greenhouse gas emissions and improve mobility, with a priority on serving disadvantaged communities.

Status: Signed into law: Chapter 479, Statutes of 2016

SB-838 (Committee on Budget) - Transportation.

Among other provisions, this bill removes the cap on the “green sticker” Clean Air Vehicle program, which allows certain low-emission vehicles to access HOV lanes with a single occupant, and requires Caltrans to submit a report to the Legislature, by December 1, 2017, on the “degradation” status (level of congestion) of all of the state’s HOV lanes. (See also AB 1964).

Status: Signed into law: Chapter 339, Statutes of 2016.

SB-859 (Committee on Budget) - Public resources: greenhouse gas emissions and biomass.

Among other provisions, this bill reduces eligibility for CVRP as follows, until June 30, 2017: reduces the maximum income eligibility levels to qualify for CVRP rebates to \$150,000 for single filers, \$240,000 for head-of-household filers, and \$300,000 for joint filers; restricts rebates offered to plug-in hybrid electric vehicles with an electric-only range of more than 20 miles; and exempts fuel cell electric vehicles from the new income caps.

Status: Signed into law: Chapter 368, Statutes of 2016.

SB-1018 (Liu) - Interstate 710 North Gap Closure project: cost-benefit analysis.

Requires the Board of Directors of the Los Angeles County Metropolitan Transportation Authority to hold three public hearings on the cost-benefit analysis prepared for the Interstate 710 North Gap Closure project.

Status: Died in the Senate Transportation and Housing Committee

SB-1030 (McGuire) - Sonoma County Regional Climate Protection Authority.

Removes the sunset on the Sonoma County Regional Climate Protection Authority. This agency, which is governed by the same board as the Sonoma County Transportation Authority,

coordinates with other agencies in the county to implement programs and policies relating to greenhouse gas reduction goals.

Status: *Signed into law: Chapter 151, Statutes of 2016*

SB-1128 (Glazer) - Commute benefit policies.

Removes the sunset from a program requiring certain employers in the San Francisco Bay Area to offer alternative-commute benefits to their employees.

Status: *Signed into law: Chapter 483, Statutes of 2016*

SB-1239 (Gaines) - Smog check: exemptions.

Expands the existing smog check exemption from pre-1976 model year vehicles to pre-1981 model year vehicles.

Status: *Died at the Senate Desk*

SB-1277 (Hancock) - California Environmental Quality Act: supplemental environmental impact report: City of Oakland: coal shipment.

Requires a public agency with discretionary authority over the Bulk and Oversized Terminal project, located in the former Oakland Army Base, to prepare or cause to be prepared a supplemental environmental impact report to consider and mitigate the shipment of coal through the terminal.

Status: *Held under submission in the Assembly Appropriations Committee*

SB-1278 (Hancock) - California Environmental Quality Act: Port of Oakland: coal shipment.

Requires every public agency with discretionary approval of any portion of a project relating to the shipment of coal through the Port of Oakland to prepare or cause to be prepared an environmental impact report.

Status: *Died in the Senate Transportation and Housing Committee*

SB-1279 (Hancock) - California Transportation Commission: funding prohibition: coal shipment.

Prohibits the CTC from programming or allocating state funds for any new bulk coal terminal project proposed on or after January 1, 2017.

Status: *Signed into law: Chapter 215, Statutes of 2016*

SB-1280 (Hancock) - California Environmental Quality Act: coal shipments: mitigation.

Requires, for any project receiving TCIF monies, either a ban on coal shipment or full mitigation of the coal shipment.

Status: *Died in the Senate Transportation and Housing Committee*

SB-1405 (Pavley) - Zero-emission vehicles: transportation systems.

Requires ARB to revise the zero-emission vehicle (ZEV) regulation to expand the definition of transportation systems eligible for ZEV credits, and to conduct a study relating to transit-subsidized rides on ZEV-credit-qualified transportation systems serving disadvantaged communities.

Status: Held under submission in the Senate Appropriations Committee

SBX1-2 (Huff) - Greenhouse Gas Reduction Fund.

Appropriates GGRF monies generated from transportation fuels to transportation infrastructure, excluding high-speed rail.

Status: In committee process, Senate Transportation and Infrastructure Development

SBX1-8 (Hill) - Public transit: funding.

Increases the continuous appropriation amounts of GGRF monies from 10% to 20% for the Transit and Intercity Capital Rail Program and from 5% to 10% for the Low Carbon Transit Operations Program.

Status: In committee process, Senate Appropriations

AB-1108 (Burke) - Zero-emission vehicles.

Requires ARB, no later than December 31, 2017, to adopt a regulation to require a minimum of 15% of all new car sales in California to be battery electric vehicles.

Status: Died in the Senate Rules Committee

AB-1613 (Committee on Budget) - Budget Act of 2016.

Appropriates \$900 million in GGRF monies, including: \$135 million to the Transit and Intercity Rail Capital Program; \$10 million to ATP; \$133 million to CVRP; \$80 million to EFMP Plus-Up and other light-duty projects; and \$150 million to heavy-duty vehicles and off-road equipment investments.

Status: Signed into law: Chapter 370, Statutes of 2016

AB-1685 (Gomez) - Vehicular air pollution: civil penalties.

Increases from \$500 to \$37,500 the maximum civil penalty that may be imposed upon a person who violates specified provisions of California's Vehicular Air Pollution Control statute, or any order, rule, or regulation of ARB adopted pursuant to those provisions. Requires ARB to adjust the maximum civil penalty for inflation based on the California Consumer Price Index. Provides certain exceptions to the increased maximum civil penalty, including violations involving portable fuel containers or small off-road engines, and provides that automobile dealers who violate specified provisions of the statute shall be subject to a civil penalty not to

exceed \$10,000. Adjusts, from per vehicle to per violation, the frequency for which certain penalties may be imposed.

Status: *Signed into law: Chapter 604, Statutes of 2016*

AB-1691 (Gipson, Cristina Garcia) - Vehicular air pollution: vehicle retirement.

Requires ARB to develop guidelines for EFMP Plus-Up and update guidelines for EFMP by January 1, 2018, in order to reduce application backlogs and waiting lists, target resources for the lowest-income disadvantaged communities, and prioritize older, higher-polluting vehicles for incentives, as specified.

Status: *Held under submission in the Senate Appropriations Committee*

AB-1697 (Bonilla) - Alternative and Renewable Fuel and Vehicle Technology Program.

Expands the criteria for funding programs through the state's Alternative and Renewable Fuel and Vehicle Technology Program to include workforce training, as specified.

Status: *Signed into law: Chapter 446, Statutes of 2016*

AB-1710 (Calderon) - Vehicular air pollution: zero-emission and near-zero-emission vehicles.

Requires ARB to establish a comprehensive incentive program for the purchase of zero-emission vehicles or near-ZEVs, and provides specified sales tax and personal income tax exemptions for the purchase of such vehicles.

Status: *Held under submission in the Assembly Appropriations Committee*

AB-1780 (Medina) - Greenhouse Gas Reduction Fund: trade corridors.

Continuously appropriates 20% of annual GGRF revenues to the TCIF, to be distributed by the CTC in accordance with TCIF guidelines.

Status: *Held under submission in the Assembly Appropriations Committee*

AB-1851 (Gray) - Vehicular air pollution: reduction incentives.

Creates and expands a broad array of incentives to increase the sales of clean-air vehicles, including modifications to CVRP, rebate incentives for installing electric vehicle charging stations, sales tax incentives on trade-in of a vehicle for a low-emission vehicle, and removal of the cap on the "green sticker" Clean Air Vehicle program.

Status: *Held under submission in the Assembly Appropriations Committee*

AB-1886 (McCarty) - California Environmental Quality Act: transit priority projects.

In order for a transit priority project to meet the requirement for an abbreviated review under the Sustainable Communities Strategies provisions of the California Environmental Quality Act, revises the definition of "transit priority project" by increasing the percentage of the project

area that may be farther than one-half mile from a major transit stop or high-quality transit corridor, from 25% to 50%.

Status: *Died in the Senate Environmental Quality Committee*

AB-1964 (Bloom) - High-occupancy vehicle lanes: vehicle exceptions.

Modifies the Clean Air Vehicle program, which enables certain low-emission vehicles to access carpool lanes with a single occupant, and creates a new program to take effect when the Clean Air Vehicle program sunsets in 2019. (See also SB 838.)

Status: *Died in the Senate Floor*

AB-1965 (Cooper) - Vehicle retirement and replacement.

Requires ARB to expand EFMP Plus-Up in disadvantaged communities and in areas with poor air quality.

Status: *Failed passage in the Senate Environmental Quality Committee*

AB-2034 (Salas, Linder) - Department of Transportation: environmental review process: federal program.

Deletes the January 1, 2017, sunset for Caltrans to waive its 11th Amendment right to sovereign immunity from lawsuits brought in federal court so that Caltrans can continue, indefinitely, to assume the role of the U.S. Department of Transportation for National Environmental Policy Act decision making.

Status: *Died in the Senate Transportation and Housing Committee*

AB-2415 (E. Garcia) - California Clean Truck, Bus, and Off-Road Vehicle and Equipment Technology Program.

Revises the California Clean Truck, Bus, and Off-Road Vehicle and Equipment Technology Program to require no less than 50% of program funds to support the commercial deployment of certain heavy-duty trucks that meet specified emissions standards.

Status: *Held under submission in the Assembly Appropriations Committee*

AB-2564 (Cooper) - Clean Vehicle Rebate Project.

Requires ARB, in consultation with the California Energy Commission, local air districts, and the public, to adopt regulations for CVRP, as follows: lower CVRP income limits to \$125,000 for single filers, \$170,000 for heads of household, and \$250,000 for joint filers; prioritize rebate payments for low-income consumers; increase rebate amounts by \$500 per rebate for consumers with household incomes less than or equal to 300% of the federal poverty level; and include outreach to low-income households.

Status: *Failed passage in the Senate Environmental Quality Committee*

ACR-112 (Hadley) - State Air Resources Board.

Outlines the events that led to the discovery of the Volkswagen defeat devices, and declares that the Legislature thanks ARB for its exemplary role in uncovering the defeat devices. Also declares the Legislature's support for the increased use of real-world emissions verification testing and enhanced penalty authority for ARB to deter future efforts to circumvent emissions standards.

Status: Signed into law: Resolution Chapter 117, Statutes of 2016

Autonomous Vehicles

AB-1592 (Bonilla) - Autonomous vehicles: pilot project.

Authorizes the Contra Costa Transportation Authority to conduct a pilot project for the testing of autonomous vehicles under specific conditions.

Status: Signed into law: Chapter 814, Statutes of 2016

AB-2682 (Chang) - Autonomous vehicles.

Requires the DMV to hold public hearings on the National Highway Traffic Safety Administration's model policy on autonomous vehicles and to consider conforming DMV regulations and policies to NHTSA policy.

Status: This bill was amended to address a different topic.

Bicycles, Skateboards, and Other Alternative Transportation

SB-192 (Liu) - Bicycles: helmets.

Requires the Office of Traffic Safety, in coordination with the CHP, to conduct a comprehensive study of bicycle helmet use.

Status: Held under submission in Senate Appropriations Committee

AB-2509 (Ting) - Operation of bicycles: speed.

Adds the following exceptions to the requirement that a bicyclist ride as close as practicable to the right-hand curb or edge of the roadway: when riding within a Class I, Class II, and Class IV bikeway; when riding within a Class III bikeway within the path of a shared lane marking; and when riding beside another bicycle.

Status: Died in the Senate Transportation and Housing Committee

AB-2796 (Bloom, Low) - Active Transportation Program.

Requires a minimum of 10% of ATP funding to be programmed for planning and non-infrastructure activities, as specified. Also authorizes a local agency to spend its own funds on a project programmed in a future year, and be reimbursed at a later time for eligible expenditures.

Status: *Held under submission in the Senate Appropriations Committee*

AB-1613 (Committee on Budget) - Budget Act of 2016.

Appropriates \$900 million in GGRF monies, including: \$135 million to the Transit and Intercity Rail Capital Program; \$10 million to ATP; \$133 million to CVRP; \$80 million to EFMP Plus-Up and other light-duty projects; and \$150 million to heavy-duty vehicles and off-road equipment investments.

Exempts homeowner associations in a common interest development from election procedure requirements in uncontested elections.

Status: *Died in the Senate Judiciary Committee*

Driver Licensing

SB-881 (Hertzberg) - Vehicles: violations: payment of fines and bail.

Modifies the traffic amnesty program, which assists individuals who have had their driver's licenses suspended due to failure to pay traffic fines.

Status: *Signed into law: Chapter 779, Statutes of 2016*

SB-928 (Liu) - Homeless individuals: voter registration, driver's licenses, and identification cards.

Requires a homeless shelter that registers a person to vote to keep a record of the person it has registered to vote, including certain information about the person, and to transmit that information to certain government entities at least once per year. Additionally, authorizes an applicant who is a homeless individual to list the shelter, public space, cross street, or post office where he or she is living as his or her address on a driver's license or identification card.

Status: *Died in the Senate Transportation and Housing Committee*

SB-1066 (Beall) - Highway Safety.

Authorizes the use of 24/7 Sobriety programs following driving-under-the-influence violations. Stipulates that, under a 24/7 sobriety program, a participant must abstain from alcohol or controlled substance use for a designated time period and be subject to at least twice-per-day breath testing for alcohol or periodic testing for controlled substances at a testing location, but that someone claiming a hardship to these conditions may participate by wearing a transdermal monitoring device or alternative method approved by the National Highway Traffic Safety Administration. Further authorizes the court to order a person with a DUI conviction to enroll in and successfully complete a 24/7 program as a condition of the person's probation, parole, or work permit and to order a person arrested for DUI to enroll in a 24/7 program as a condition of release on bond.

Status: *Held under submission in the Assembly Appropriations Committee*

SB-1223 (Huff) - Driver's licenses: provisional licenses.

Expands the provisional driver's license program from 18 to 21 years of age.

Status: *Held under submission in the Senate Appropriations Committee*

SB-1311 (Glazer) - Vehicles: confidential home address.

Requires the DMV to discontinue holding the home address of specified public safety employees confidential if directed to do so by the head of the agency employing that individual.

Status: *Signed into law: Chapter 889, Statutes of 2016*

SCR-69 (Galgiani) - Driver's licenses: instruction permits: minimum age.

Requests the DMV to conduct a study regarding the possible effects of reducing the minimum age for a learner's permit to 15 years of age.

Status: *Died in the Senate Transportation and Housing Committee*

AB-2322 (Chu) - Vehicles: instruction permits: decals.

Requires the DMV to offer a "student driver" decal to the recipient of a learner's permit.

Status: *Held under submission in the Senate Appropriations Committee*

High-Speed Rail

SB-940 (Vidak) - High-Speed Rail Authority: eminent domain: right of first refusal.

Requires the High-Speed Rail Authority, prior to selling surplus property, to notify by certified mail the last known owner of the property and to not sell the property until at least 30 days following the notification.

Status: *Signed into law: Chapter 169, Statutes of 2016*

AB-1813 (Frazier) - High-Speed Rail Authority: membership.

Adds one member of the California State Assembly and one member of the California State Senate to the California High-Speed Rail Authority Board of Directors, as ex-officio, non-voting members.

Status: Signed into law: Chapter 117, Statutes of 2016

AB-1889 (Mullin) - High-Speed Rail Authority: high-speed train operation.

Allows for the expenditure of bond proceeds identified in specified funding plans prepared by the High-Speed Rail Authority on a high-speed rail corridor or usable segment if the project enables high-speed trains to operate either immediately or after additional planned investments are made, as specified.

Status: Signed into law: Chapter 744, Statutes of 2016

AB-2847 (Patterson) - High-Speed Rail Authority: reports.

Adds additional required elements for inclusion in the California High-Speed Rail Authority's Business Plan and Project Update Report.

Status: Vetoed

Special Session Bills

SBX1-1 (Beall) - Transportation funding.

Increases several taxes and fees to raise roughly \$4.3 billion in new transportation revenues annually, with the funding used to address deferred maintenance on the state highways and local streets and roads and to improve the state's trade corridors.

Status: *In committee process, Senate Appropriations Committee, First Extraordinary Session*

SBX1-2 (Huff) - Greenhouse Gas Reduction Fund.

Appropriates GGRF monies generated from transportation fuels to transportation infrastructure, excluding high-speed rail.

Status: *In committee process, Senate Transportation and Infrastructure Development Committee, First Extraordinary Session*

SBX1-3 (Vidak) - Transportation bonds: high-speed rail.

Redirects high-speed rail bond proceeds to state freeways and highways, and local streets and roads, upon voter approval. In 2008, California voters approved Proposition 1A, the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, which authorized \$9 billion in general obligation bonds for the high-speed rail project.

Status: *Failed passage in the Senate Transportation and Infrastructure Development Committee, First Extraordinary Session, 2015*

SBX1-4 (Beall) - Transportation funding.

Declares the intent of the Legislature to enact legislation to establish permanent, sustainable sources of transportation funding to maintain and repair the state's highways, local roads, bridges, and other critical transportation infrastructure.

Status: *In Conference Committee, First Extraordinary Session*

SBX1-5 (Beall) - Transportation funding.

Declares the intent of the Legislature to enact legislation to establish permanent, sustainable sources of transportation funding to improve the state's key trade corridors and support efforts by local governments to repair and improve local transportation infrastructure.

Status: *Held at the Assembly Desk*

SBX1-6 (Runner) - Greenhouse Gas Reduction Fund: transportation expenditures.

Prohibits expenditure of GGRF monies on the high-speed rail project and appropriates the majority of GGRF monies to the CTC for allocation to high-priority transportation projects, as specified.

Status: *Failed passage in the Senate Transportation and Infrastructure Development Committee, First Extraordinary Session, 2015*

SBX1-7 (Allen) - Diesel sales and use tax.

Increases the portion of the diesel fuel sales tax that is dedicated to the State Transit Assistance program from 1.75% to 5.25%, effective July 1, 2016. By increasing this portion, this bill increases the overall diesel fuel sales tax from 9.25% to 12.75%.

Status: In committee process, Senate Appropriations Committee, First Extraordinary Session

SBX1-8 (Hill) - Public transit: funding.

Increases the continuous appropriation amounts of GGRF monies from 10% to 20% for the Transit and Intercity Capital Rail Program and from 5% to 10% for the Low Carbon Transit Operations Program.

Status: In committee process, Senate Appropriations Committee, First Extraordinary Session

SBX1-9 (Moorlach) - Department of Transportation.

Requires Caltrans to contract with private entities for architectural and engineering services, for a minimum of 15% of the total annual value of these services by July 1, 2016, and increasing each year to a minimum of 50% by July 1, 2023.

Status: Failed passage in the Senate Transportation and Infrastructure Development Committee, First Extraordinary Session, 2015

SBX1-10 (Bates, Nguyen) - Regional transportation capital improvement funds.

Requires Caltrans to apportion annually to each regional transportation planning agency the amount of county share funding identified in the most recently adopted fund estimate.

Status: In committee process, Senate Transportation and Infrastructure Development Committee, First Extraordinary Session

SBX1-11 (Berryhill) - Environmental quality: transportation infrastructure.

Exempts from the California Environmental Quality Act projects to repair, maintain, and make minor alterations to existing roadways under specified conditions and sunsets this exemption on January 1, 2025.

Status: In committee process, Senate Transportation and Infrastructure Development Committee, First Extraordinary Session

SBX1-12 (Runner) - California Transportation Commission.

Makes the CTC an independent agency and explicitly authorizes the CTC to reject individual projects within the SHOPP. The SHOPP, which is developed by Caltrans, is a program of major capital projects necessary to preserve and protect the state highway system.

Status: In committee process, Senate Appropriations Committee, First Extraordinary Session

SBX1-13 (Vidak) - Office of the Transportation Inspector General.

Creates the Office of the Transportation Inspector General in state government as an independent office, to ensure all state agencies expending state transportation funds are operating efficiently, effectively, and in compliance with federal and state laws.

Status: In committee process, Senate Appropriations Committee, First Extraordinary Session

SBX1-14 (Cannella) - Transportation projects: comprehensive development lease agreements.

Removes the January 1, 2017 sunset on the use of public-private partnerships, thereby extending the authority indefinitely.

Status: In committee process, Senate Transportation and Infrastructure Development Committee, First Extraordinary Session

SCAX1-1 (Huff) - Motor vehicle fees and taxes: restriction on expenditures.

Amends the California Constitution to prohibit the Legislature from borrowing revenues from fees and taxes imposed on vehicles or their use or operation, and from using those revenues other than as specifically permitted in the Constitution; and to require that revenues derived from the portion of the vehicle license fee that exceeds the current rate of 0.65% be used solely for street and highway purposes.

Status: In committee process, Senate Appropriations Committee, First Extraordinary Session

ABX1-1 (Alejo) - Transportation funding.

Requires loans made to the General Fund from specified transportation funds and accounts with a repayment date of January 1, 2019, or later to be repaid by December 31, 2018. Retains the weight fee revenues in the State Highway Account. Provides for the portion of fuel excise tax revenues that is derived from increases in the motor vehicle fuel excise tax in 2010 to be allocated 44% to the State Transportation Improvement Program, 12% to the SHOPP, and 44% to city and county streets and roads, thereby making an appropriation. Deletes the requirement to transfer certain revenues to the Transportation Debt Service Fund, thereby providing for these revenues to be used for any transportation purpose authorized by statute, upon appropriation by the Legislature.

Status: Pending referral in the Assembly

ABX1-2 (Perea, Alejo, Olsen) - Transportation projects: comprehensive development lease agreements.

Extends the authorization of Caltrans and regional transportation agencies to enter into public-private partnerships indefinitely, and includes within the definition of "regional transportation

agency” the Santa Clara Valley Transportation Authority, thereby authorizing the authority to enter into public-private partnerships under these provisions.

Status: *Pending referral in the Assembly*

ABX1-3 (Frazier, Atkins) - Transportation funding.

Declares the intent of the Legislature to establish permanent, sustainable sources of transportation funding to maintain and repair highways, local roads, bridges, and other crucial infrastructure.

Status: *In Conference Committee, First Extraordinary Session*

ABX1-4 (Frazier, Atkins) - Transportation funding.

Declares the intent of the Legislature to enact legislation to establish permanent, sustainable sources of transportation funding to improve the state’s key trade corridors and support efforts by local governments to repair and improve local transportation infrastructure.

Status: *In committee process, Senate Rules Committee, First Extraordinary Session*

ABX1-5 (Roger Hernández) - Income taxes: credits: low-income housing: farmworker housing assistance.

Modifies the definition of applicable percentage relating to qualified low-income buildings that are farmworker housing projects. Increases the amount TCAC may allocate to farmworker housing projects from \$500,000 to \$25,000,000 per year. Redefines farmworker housing to mean housing for agricultural workers that is available to, and occupied by, not less than 50% of farmworkers and their households.

Status: *Pending referral in the Assembly*

ABX1-6 (Roger Hernández, Eduardo Garcia) - Affordable Housing and Sustainable Communities Program.

Requires 20% of funds available for allocation under the Affordable Housing and Sustainable Communities Program be allocated to eligible projects in rural areas, as defined. Requires at least 50% of those funds to be allocated to eligible affordable housing projects. Requires SGC to amend its guidelines and selection criteria consistent with these requirements and to consult with interested stakeholders in this regard.

Status: *Pending referral in the Assembly*

ABX1-7 (Nazarian) - Public transit: funding.

Continuously appropriates 20% of the annual GGRF proceeds to the Transit and Intercity Rail Capital Program, and 10% of those annual proceeds to the Low Carbon Transit Operations Program.

Status: *Pending referral in the Assembly*

ABX1-8 (Chiu, Bloom) - Diesel sales and use tax.

Increases the additional sales and use tax rate on diesel fuel to 5.25%, subject to certain exemptions, and provides for the net revenues collected from the additional tax to be transferred to the Public Transportation Account, effective July 1, 2016.

Status: Pending referral in the Assembly

ABX1-9 (Levine) - Richmond-San Rafael Bridge.

Requires Caltrans to temporarily restore to automobile traffic the third eastbound lane on SR 580 from the beginning of the Richmond-San Rafael Bridge in the County of Marin to Marine Street in the County of Contra Costa. Temporarily converts a specified portion of an existing one-way bicycle lane along the north side of SR 580 in the County of Contra Costa into a bidirectional bicycle and pedestrian lane. Requires Caltrans to keep the temporary lanes in place until the department has completed a specified project relating to the Richmond-San Rafael Bridge or until construction activity for that project necessitates removal of the temporary lanes.

Status: Pending referral in the Assembly

ABX1-10 (Levine) - Public works: contracts: extra compensation.

Provides that a state entity in a megainfrastructure project contract, as defined, may not deliver extra compensation to the contractor until the megainfrastructure project has been completed and an independent third party has verified that the project meets all architectural or engineering plans and safety specifications of the contract.

Status: Pending referral in the Assembly

ABX1-11 (Gray) - Transportation projects: County of Merced: campus parkway project.

Appropriates \$97.6 million from the General Fund to the Merced County Association of Governments for construction of phases 2 and 3 of the Campus Parkway Project, a planned road project to connect the University of California, Merced to SR 99 in the County of Merced.

Status: Pending referral in the Assembly

ABX1-12 (Nazarian) - Los Angeles County Metropolitan Transportation Authority.

Authorizes the Los Angeles County Metropolitan Transportation Authority to enter into agreements with private entities for certain transportation projects in Los Angeles County, including on the state highway system, subject to various terms and requirements. Authorizes the authority to impose tolls and user fees for use of those projects. For any project on the state highway system, requires the authority to implement the project in cooperation with Caltrans pursuant to an agreement that addresses specified matters. Provides that a facility constructed by a private entity would at all times be owned by a governmental agency, except

as provided. Authorizes the authority to issue bonds to finance any costs necessary to implement a project and to finance any expenditures, payable from the revenues generated from the project or other available resources, as specified.

Status: *Pending referral in the Assembly*

ABX1-13 (Grove) - Greenhouse Gas Reduction Fund: streets and highways.

Reduces the continuous appropriation to SGC for the Affordable Housing and Sustainable Communities Program by half. Beginning in the 2016–17 fiscal year, continuously appropriates 50% of the annual proceeds of GGRF, with 50% of that appropriation to Caltrans for maintenance of the state highway system or for projects that are part of the SHOPP, and 50% to cities and counties for local streets and roads purposes.

Status: *Pending referral in the Assembly*

ABX1-14 (Waldron) - State Highway Operation and Protection Program: local streets and roads: appropriation.

Appropriates \$1 billion from the General Fund, with 50% to be made available to Caltrans for maintenance of the state highway system or for purposes of the SHOPP, and 50% to be made available to the Controller for apportionment to cities and counties by a specified formula for street and road purposes.

Status: *Pending referral in the Assembly*

ABX1-15 (Patterson) - Transportation projects: County of Merced: campus parkway project.

Reduces the \$663,287,000 appropriation for Capital Outlay Support by \$500 million, and would appropriate \$500 million from the State Highway Account for the 2015-16 fiscal year, with 50% to be made available to Caltrans for maintenance of the state highway system or for purposes of the SHOPP, and 50% to be made available to the Controller for apportionment to cities and counties by formula for street and road purposes.

Status: *Pending referral in the Assembly*

ABX1-16 (Patterson) - State highways: transfer to local agencies: pilot program.

Requires Caltrans to participate in a pilot program over a 5-year period under which two counties, one in northern California and one in southern California, are selected to operate, maintain, and make improvements to all state highways, including freeways, in the affected county. Requires Caltrans to convey all of its authority and responsibility over state highways in the participating counties to a county or a regional transportation agency that has jurisdiction. Requires the CTC to administer and oversee the pilot program, and to select the counties that will participate in the program. Requires moneys to be appropriated for these purposes as a block grant in the annual Budget Act. Authorizes any cost savings realized by a participating

county to be used by the county for other transportation priorities. Requires the participating counties to report to the Legislature upon the conclusion of the pilot program.

Status: *Pending referral in the Assembly*

ABX1-17 (Achadjian) - Greenhouse Gas Reduction Fund: state highway operation and protection program.

Appropriates 25% of the annual GGRF proceeds to fund projects in the SHOPP.

Status: *Pending referral in the Assembly*

ABX1-18 (Linder) - Vehicle weight fees: transportation bond debt service.

Prohibits weight fee revenue from being transferred from the State Highway Account to the Transportation Debt Service Fund or to the Transportation Bond Direct Payment Account, and from being used to pay the debt service on transportation general obligation bonds.

Status: *Pending referral in the Assembly*

ABX1-19 (Linder) - California Transportation Commission.

Excludes the CTC from the Transportation Agency and establishes it as an entity in the state government.

Status: *Pending referral in the Assembly*

ABX1-20 (Beth Gaines) - State government: elimination of vacant positions: transportation: appropriation.

Requires Caltrans to eliminate 25% of the vacant positions in state government that are funded by the General Fund. Appropriates \$685 million from the General Fund, with 50% to be made available to Caltrans for maintenance of the state highway system or for purposes of the SHOPP, and 50% to be made available to the Controller for apportionment to cities and counties by a specified formula for street and road purposes.

Status: *Pending referral in the Assembly*

ABX1-21 (Oberholte) - Environmental quality: highway projects.

Prohibits a court in a judicial action or proceeding under the California Environmental Quality Act from staying or enjoining the construction or improvement of a highway unless it makes specified findings.

Status: *Pending referral in the Assembly*

ABX1-22 (Patterson) - Design-build: highways.

Authorizes Caltrans to utilize design-build procurement on an unlimited number of projects and require it to contract with consultants to perform construction inspection services for those authorized projects. Eliminates the requirement that Caltrans perform the construction inspection services for the projects on or interfacing with the state highway system. Expands

the number of projects in which the statement of qualifications requirement, subject to penalty of perjury, is applicable, thereby expanding the scope of an existing crime and imposing a state-mandated local program. Provides that no reimbursement is required by this act for a specified reason.

Status: *Pending referral in the Assembly*

ABX1-23 (Eduardo Garcia, Burke, Chiu) - Transportation.

Requires the CTC to establish a process whereby Caltrans and local agencies receiving funding for highway capital improvements from the SHOPP or the State Transportation Improvement Program prioritize projects that provide meaningful benefits to the mobility and safety needs of disadvantaged community residents, as specified. Requires \$125 million to be appropriated annually from the State Highway Account to the ATP, with these additional funds to be used for network grants that prioritize projects in underserved areas, as specified.

Status: *Pending referral in the Assembly*

ABX1-24 (Levine, Ting) - Bay Area Transportation Commission: election of commissioners.

Redesignates the Metropolitan Transportation Commission as the Bay Area Transportation Commission. Requires commissioners to be elected by districts comprised of approximately 750,000 residents. Requires each district to elect one commissioner, except that a district with a toll bridge within the boundaries of the district would elect two commissioners. District boundaries are to be drawn by a citizens' redistricting commission and campaigns for commissioners are to be publicly financed. Merges the Bay Area Toll Authority into the Bay Area Transportation Commission.

Status: *Pending referral in the Assembly*

ABX1-25 (Travis Allen) - Shuttle services: loading and unloading of passengers.

Allows local authorities to permit shuttle service vehicles, as defined, to stop for the loading or unloading of passengers alongside certain curb spaces upon agreement between a transit system operating buses engaged as common carriers in local transportation and a shuttle service provider.

Status: *Pending referral in the Assembly*
